

## ABU DHABI INDIAN SCHOOL- BRANCH 1, AL WATHBA

---

Dear Parents,

Greetings!!!

### CREATIVITY IS INTELLIGENCE HAVING FUN

In the 21<sup>st</sup> century, the pure academic type of education that students are introduced to, is steadily paving way to a whole **new type of education with a special focus to incorporate three major genres of education: reasoning, psychomotor and emotional learning.**

Education is a pretty broad concept that surpasses the four walls of a classroom. The core aim of CCA's in education is to foster **all round development** of a child. **All round development essentially means intellectual, physical, moral, sensible and social development.**

At ADIS , we follow the principle of **“Teach me, and I will forget. Show me, and I might remember. Involve me, and I will never forget.”** To a very great extent, the theoretical knowledge is enhanced when a co-curricular activity related to the content taught, is organized. Intellectual development of the personality is achieved to a great extent, in the classroom itself. Through CCA we at ADIS provide scope for **the aesthetic development like character building, spiritual and moral values, physical growth, creativity** and many more . Through CCA, students discover their interests and talents while developing values and competencies that will prepare them for a rapidly changing world. CCA also promotes friendships among students from diverse backgrounds as they learn, play and grow together. Participation in CCA fosters social integration and deepens students' sense of belonging, commitment and sense of responsibility to school, community and nation.

As a part of our CCA grade 5 (boys and girls) led by a team of dedicated student leaders were determined to create a warm and informative milieu on the nation we live in so that it helps their fellow companions to learn all about U.A.E . Each class presented their thematic topics in the form of a PPT with multifarious ornamented slides which were very informative. Digital Competency , Independent Learning and Cultural Awareness were enhanced as the Power Point Presentations on the topic brought to light the creativity of these young minds. The highlight of this session was the house quiz conducted by student volunteers.

Our young, intellectual learners took immense pleasure in the quiz and left the audience spell bound by their brilliant answers.

Tolerance towards their fellowmates, care and respect towards the nation and integrity were some of the values instilled in the students through this activity.

The CCA session was informative as well as enjoyable for the young minds!

**CUROSITY IS THE WICK IN THE CANDLE OF LEARNING.ALWAYS PRUNE IT SO THAT IT HELPS THE CANDLE BURN BRIGHTLY!!!**
