

ABU DHABI INDIAN SCHOOL – BRANCH 1, AL WATHBA

Nominated for Global Round at World Scholars Cup

Students at ADIS, AL Wathba, went for The Dubai Primary Round, World Scholars Cup to compete with the students from various schools which was open to students aged 8-12 (Junior Division) on 26th May 2016 (Thursday) at GEMS New Millennium School, Al Khail. (DUBAI)

*The memories of scholars cup is still very fresh in each student as they worked collaboratively and debated with teams of other participating students from various schools at least three times, on motions across all the subjects, from policy to poetry. Debate was a chance to apply all that they have learned to make the most persuasive case. There are winners and there are more winners for each category winning the scholars bowl, scholars challenge, Best Speaker and Champions of Debate. One of our students bagged the Davinci Award, whereas few of them bagged the prize for Collaborative Writing which is **Debate with the power of your pen**. Students **played their cards right** for scholars bowl and earned gold and silver medals to warrant a neck brace and a TEAM Trophy.*

Congratulations and Kudos to all the winners who have ignited minds and have proved themselves!!

Congratulations!!!
