

# A Pat on the Back

*Discipline is the bridge between goals and accomplishment*

Students across the school were recognised with certificates for their commitment towards duty-- 100 per cent attendance during the academic year 2017-18. Discipline—an action to be in terms with, and follow a set of prescribed rules for the smooth functioning of any system—is a mandatory value to be instilled in all students. It is a catalyst that shall pave way to student-success and help them with time management. Kudos to the students and their parents for their laudable effort.
